I'm running to help restore democracy, HONESTY, ethics, sanity and transparency to all levels of government. I seek to reign in the cost of living. I prioritize children's health and the environment. These issues are linked due to the interconnectedness of all life. Founder of Nannup Day care, 22 years running *Merri Bee Organic Farmacy*, 14 years in early childhood education, permaculture teacher and now a GAPS health coach, I stand up for parents rights, and the livelihoods of our farmers big and small. Our elderly need care and shouldn't be harrassed to comply with the digital world. Despising Government overreach, "divide and rule" tactics and fascism, I seek to unite our community with facts. I've campaigned life- long for forest protection and led the push back on GMO seeds in WA, resulting in Nannup being declared a GM free zone. I see through Big Lies years before the pack. You need a fearless, hard- working, honest representative of the community on council. That's me.
