Hi Jane,

The planned development involves the construction of seven 2-bedroom short-term accommodation units. The management of the property is expected to be overseen by the accommodation company currently managing operations at the Parade Hotel in Bunbury. Occupancy will be regulated on a per-unit basis, allowing for a maximum of 4 occupants per unit. At this point, no pets are allowed to address potential cleaning challenges.

Kind Regards,

Taylah Podmore  
Project Coordinator
