## **BACKGROUND:**

### *Purpose of report*

The purpose of this report is for Council to consider whether to proceed to advertise the draft *Shire of Nannup Local Planning Scheme No. 4* (LPS4).

The Shire administration considers that draft LPS4 is now suitable to be referred to the Environmental Protection Authority (EPA) to seek 'environmental clearance' and suitable to seek consent to advertise from the Western Australian Planning Commission (WAPC).

Draft LPS4 is outlined in Attachments 12.1.1 and 12.1.2 – 12.1.8. LPS4 consists of the scheme text and scheme maps. The scheme text comprises a set of written objectives, provisions and standards that regulate the use and development of land

zoned and reserved under the scheme. The scheme maps allocate all land within the district into either a Zone or Reserve. The scheme maps comprise 7 sheets.

### *Planning context and current Local Planning Scheme No.3*

A Local Planning Scheme is a statutory document that controls and guides land use, development and subdivision. It can also support economic development, conservation and infrastructure/servicing initiatives.

The current *Shire of Nannup Local Planning Scheme No. 3* (LPS3) was gazetted on 14 December 2007.

In accordance with the *Planning and Development Act 2005* and the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations), the Shire of Nannup is required to review its Local Planning Scheme every 5 years. Usually, this has resulted in modest changes/amendments to LPS3 to ensure the scheme is 'fit for purpose'. However, the introduction of the Regulations and the finalisation of the *Shire of Nannup Local Planning Strategy* have necessitated the requirement for a new scheme.

In time, on gazettal (finalisation) of LPS4, LPS3 will be revoked.

### *Council resolution*

The Council, at its meeting on 27 July 2017 at Resolution 17137, resolved:

#### **'That Council resolves to:**

- 1. Pursuant to Section 72 of the *Planning and Development Act 2005*, request the Chief Executive Officer to prepare a new Local Planning Scheme No. 4, which will cover the entire Local Government district, and as shown as the Scheme Map Area in Attachment 12.4.1, and upon gazettal revokes Local Planning Scheme No. 3.**
- 2. Pursuant to Section 72 of the *Planning and Development Act 2005* and Regulations 19 and 20 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, request the Chief Executive Officer to forward to the Western Australian Planning Commission:**
  - a) A copy of Council's resolution deciding to prepare a new Local Planning Scheme No. 4, certified by the Chief Executive Officer.**
  - b) A map marked 'Scheme Map Area' signed by the Chief Executive Officer, on which is delineated the area of land proposed to be included in the Scheme.**

3. Subject to receiving notification from the Western Planning Commission pursuant to Regulations 19 and 20 of the *Planning and Development (Local Planning Schemes) Regulations 2015* request the Chief Executive Officer to:
- a) Publish a notice within a newspaper circulating in the district of the Local Government of the passing of the resolution deciding to prepare Local Planning Scheme No. 4.
  - b) Forward a copy of the notice to the Local Government of every adjoining district, each licensee under the *Water Services Act 2012* likely to be affected by the Scheme, the CEO of the Department of the Public Service principally assisting in the administration of the *Conservation and Land Management Act 1984* and each public authority likely to be affected by the Scheme for their recommendations in regards to preparation of the new Local Planning Scheme No. 4.
  - c) Pursuant to Section 81 of the *Planning and Development Act 2005*, forward a copy of the notice to the Environmental Protection Authority.'

*Planning framework to support LPS4*

Draft LPS4 builds on various changes to the State, regional and local planning framework over the past decade (and changes in recent months) along with changes to community expectations, increased efforts to diversify and grow the local economy and the approach to bushfire management. At a local level, LPS4 seeks to complement and assist in implementing the Local Planning Strategy and relevant aspects of the Community Strategic Plan.

**COMMENT:**

*A) Overview*

Draft LPS4 is presented to Council to determine whether it is considered appropriate to refer to the EPA for environmental clearance and refer to the WAPC to seek their consent to publicly advertise.

Draft LPS4 seeks to support various economic, community and environmental outcomes including:

- new urban, rural residential and rural smallholding areas will be provided near the Nannup townsite, with a range of lot sizes and lifestyle opportunities to support the Nannup townsite;
- supporting a more robust, resilient and expanded economy. Building on LPS3, there are various proposals to reduce 'red tape' including a significant number of developments and uses that are exempt from requiring development

approval. LPS4 sets out that the establishment of businesses is encouraged in appropriate locations in the district provided relevant planning issues are addressed (including addressing off-site impacts, servicing and environmental considerations);

- agriculture is a key local industry and accordingly agricultural land is proposed to be effectively conserved and managed for agricultural production and rural uses. There are also opportunities for appropriate and complementary land use change and value adding;
- minimising and controlling development in flood risk and extreme bushfire prone risk areas;
- environmental assets will be conserved and where possible enhanced; and
- the district's character, landscape and heritage qualities will be conserved.

### *B) Purpose of LPS4*

The purpose of proposed LPS4 is to modernise the statutory planning controls within the district, reflect current best practice regarding land use planning and provide guidance for the future development of the district. LPS4 seeks to address various matters including:

- reserves and development in reserves;
- zones and permissibility of land use;
- specific and general development control provisions;
- special control areas;
- amenity;
- advertisements; and
- guidance in providing responses to the WAPC on subdivision applications.

The purpose of LPS4 is outlined in clause 8, while clause 9 sets out the Aims of Scheme.

LPS4, when finalised (gazetted), will amongst matters:

- provide the Council and the Shire administration with more contemporary statutory provisions;
- simplify several development issues; and
- include provisions relating to emerging or expected planning, natural resource management, servicing and design issues.

### *C) Key changes between LPS3 and draft LPS4*

Draft LPS4 contains various zones and land use provisions which are similar to LPS3. There are, however, various new zones, reserves and several significantly amended or new provisions which in part are based on the Regulations. The key changes include:

- introducing new zones e.g. Rural Smallholdings, Tourism and Environmental Conservation;

- deleting the Special Residential, Mixed Use, Cluster Farming and Coastal Landscape zones;
- renaming various zones;
- combining the Agriculture Priority 1 – Scott Coastal Plain zone and the Agriculture Priority 2 zone into the Priority Agriculture zone;
- adding Special Control Areas including around the wastewater treatment plant and a special design/character area for portions of the Nannup townsite;
- modifying residential densities as broadly set by the Local Planning Strategy. Various properties in the Nannup townsite, outside of the floodplain, will see their R Codes (density) increase. For some properties, additional development or subdivision can only be achieved through connecting to the reticulated sewerage system;
- reducing duplication of provisions (such as for individual Special Rural zones);
- new or modified land use names and definitions;
- reviewing the permissibility of uses in different zones. The zoning table has been amended to balance supporting job creation/economic development with conserving amenity;
- introducing provisions relating to natural resource management including creating a significant tree register,
- seeking to address various anomalies in LPS3; and
- not supporting plantations in Priority Agriculture areas in Cundinup, Carlotta and Biddelia, based on recent Councillor feedback.

#### *D) LPS4 text*

The draft LPS4 text is crafted to be as flexible as possible in terms of the range of development/uses that can occur in relevant zones, while providing relevant guidance/controls to guide subdivision and development. Draft LPS4 adopts a risk-based approach and does not require development applications for a wide range of low-key and low-risk development/uses.

The LPS4 text includes:

- clauses on parking standards, the standard of development and design considerations;
- lower car parking standards in the town centre. This, for instance, changes the standard of one car bay per 25m<sup>2</sup> of new floor space for a shop or restaurant in LPS3 to 1 car bay per 40m<sup>2</sup> of new floor space in draft LPS4. This follows a review of car parking standards in several non-metropolitan and metropolitan local government schemes and to support job creation and economic development;
- provisions relating to the new zones of Rural Smallholding, Tourism and Environmental Conservation; and
- addressing the repetition of provisions in Schedules 2 and 7 of LPS3 relating to the Additional Use and Special Rural zones.

### E) Mount Folly

Mount Folly, an extensive area to the east of the Nannup townsite, is currently zoned as 'Future Development' in LPS3. Prior to subdivision or major development, a structure plan is required to be approved by the WAPC.

The WAPC endorsed *Shire of Nannup Local Planning Strategy* includes Action C78 which states 'The local government will designate land at Mount Folly as 'Rural' on the Strategy Plans (Precinct C in Figure 5) and to zone this land as 'Rural' in LPS4 due to significant bushfire risk and management issues identified by the Department of Fire and Emergency Services via the Shire's *Nannup Townsite Bushfire Hazard Level Assessment (August 2016)*'.

In accordance with the *Shire of Nannup Local Planning Strategy*, draft LPS4 zones Mount Folly as 'Rural'. This is essentially a 'down zoning' from LPS3, however it does reflect WAPC requirements through the Local Planning Strategy.

It is expected a structure plan will be shortly submitted by proponents, for a portion of the Mount Folly area, to facilitate tourist accommodation. Once submitted, the structure plan will be considered on its merits including against the current 'Future Development' zoning.

### F) Next steps

The process for preparing and finalising a Local Planning Scheme takes time. Should Council agree with the officer recommendation, the following next steps are summarised below:

- draft LPS4 will be assessed by the EPA with the objective, from the Shire's perspective, of gaining EPA environmental clearance;
- the WAPC will assess and in time grant consent to advertise draft LPS4 (with or without modifications);
- draft LPS4 is advertised for a minimum of three (3) months. Draft LPS4 will be well publicised. Submissions will be invited through advertisements in papers, writing to government agencies and other stakeholders, details on the website, social media and at the Shire office;
- following the close of the advertising period, submissions will be assessed by the Shire administration and Council with suggested modifications considered. After this, the Council will again consider draft LPS4 and determine whether it will seek final approval from the Minister for Planning (with or without modifications);
- the WAPC will consider the submissions and the Council's response to the submissions. The WAPC, in-turn, will make a recommendation to the Minister for Planning; and
- the Minister for Planning will, in-time, grant final approval with LPS4 incorporated into the Government Gazette. At this stage, LPS4 has legal effect and LPS3 will no longer exist.

The timing to finalise LPS4 is dependent on many factors. Significantly, most of these factors are outside the power of the Shire as they involve other parties.

## **CONSULTATION:**

Councillors have been briefed throughout the process of preparing draft LPS4 including through briefings from the Shire administration.

Preliminary consultation has occurred with various State Government agencies.

Draft LPS4, in time, will be subject to community and stakeholder consultation in accordance with the Regulations. The Shire is required to consult for at least 3 months.

## **STATUTORY ENVIRONMENT:**

*Planning and Development Act 2005* and *Planning and Development (Local Planning Schemes) Regulations 2015*. The Regulations set out the statutory process in preparing and advertising a Local Planning Scheme.

A Local Planning Scheme is a statutory planning instrument used by local government to regulate zoning, land use and development.

The deemed provisions of the Regulations have significant implications on LPS4. For instance, the Regulations set out that a single house which is consistent with the deemed-to-comply requirements of the *Residential Design Codes of Western Australia* does not require development approval from the Shire (if outside of a Special Control Area). This can have amenity impacts in residential areas for certain types of dwellings. To address this, a Development Control Area (Nannup Townsite Character) Special Control Area is proposed in draft LPS4.

## **POLICY IMPLICATIONS:**

There will be a need to review and prepare various local planning policies to support LPS4. This is particularly important given the WAPC now require local planning schemes to be more concise with details set out in other planning tools such as local planning policies.

## **FINANCIAL IMPLICATIONS:**

These are budgeted for. The Shire will meet the cost of advertising draft LPS4 including placing notices in local papers and time there will be a cost of the notice in the Government Gazette.

## **ECONOMIC IMPLICATIONS:**

There are expected to be significant and wide-ranging economic implications to individuals and the community in the short and longer term. Many sites have potential for additional development/subdivision, however some sites will not be able to be developed or subdivided given they have environmental, servicing, landscape or other planning constraints.

LPS4 provisions have been formulated to support development in the district through supporting the growth and diversity of the local economy along with the provision of additional residential, commercial, industrial and tourism growth.

## **STRATEGIC IMPLICATIONS:**

The preparation and finalisation of LPS4 is an objective of the Shire's Strategic Community Plan.

LPS4 (and the associated Local Planning Strategy) will establish Council's land use planning framework for the district. Accordingly, the finalised LPS4 will have significant implications on development and subdivision in the district along with influencing infrastructure coordination, economic development and managing natural resources. There are wide ranging implications which are summarised in this report and outlined in the attached draft LPS4.

## **RECOMMENDATION:**

That Council resolves to:

1. Pursuant to sub-regulation 21(1)(a) of the *Planning and Development (Local Planning Scheme) Regulations 2015*, proceed to advertise the draft *Shire of Nannup Local Planning Scheme No. 4* as outlined in Attachments 12.1.1 and 12.1.2 without modification.
2. Forward the draft *Shire of Nannup Local Planning Scheme No. 4* to the Environmental Protection Authority with a request that environmental clearance be given.
3. Following the Environmental Protection Authority giving environmental clearance, request that the Western Australian Planning Commission grant consent to advertise the draft *Shire of Nannup Local Planning Scheme No. 4*.
4. When advertising approval is granted, advertise the draft *Shire of Nannup Local Planning Scheme No. 4* in accordance with the *Planning and Development (Local Planning Scheme) Regulations 2015*.
5. Delegate authority to the Shire's Chief Executive Officer to progress matters with the Environmental Protection Authority, Department of Planning, Lands and Heritage, Western Australian Planning Commission and other

stakeholders and make modifications to the *Shire of Nannup Local Planning Scheme No. 4* if directed to by the Western Australian Planning Commission.

AGENDA NUMBER:	12.3
SUBJECT:	Request Fire & Emergency Services Commissioner to extend the Shire of Nannup's Restricted and Prohibited Burning Periods
LOCATION/ADDRESS:	Shire of Nannup
NAME OF APPLICANT:	Shire of Nannup
FILE REFERENCE:	FRC 1 and FRC 4
AUTHOR:	Rosalyn Edwards – Ranger Officer
REPORTING OFFICER:	David Taylor – Chief Executive Officer
DISCLOSURE OF INTEREST:	Nil
DATE OF REPORT:	9 September 2020
ATTACHMENT:	12.3.1 - 2020/2021 Fuel Hazard Reduction & Firebreak Notice

### **BACKGROUND:**

For a number of years, the Shire of Nannup has advertised within its annual fire notice restricted burning period dates that differ from the Fire and Emergency Services (FES) Commissioner gazetted dates. For a local government to vary its dates from the FES Commissioners' dates requires approval from the FES Commissioner beforehand. This item seeks to formally commence that process of approval.

### **COMMENT:**

Currently the FES Commissioner dates, gazetted 3 Feb 2012 are as follows:

- Restricted burning period – 9 November to 30 April
- Prohibited burning period - 18 December to 28 February

The previously used and preferred dates for the Shire of Nannup Firebreak and Fuel Hazard Reduction Notice are:

- Restricted burning period - 3 November to 31 May
- Prohibited burning period - 18 December to 28 February

Councillors will note that the only differentiation from the FES Commissioners dates is that Shire of Nannup wishes to extend the Autumn period from 30 April to 31 May each year. This has been discussed extensively within the Bush Fire Advisory Committee (BFAC) and it is unanimously agreed that this extended date is in alignment with the changing climatic conditions experienced in autumn and improve community safety.

The Bush Fire Advisory Committee (BFAC) at their meeting held on the 7 September 2020 recommends Council to request FES Commissioner have the amended Nannup restricted burning dates amended to be:

- Restricted burning period - 3 November to 31 May
- Prohibited burning period - 18 December to 28 February
- That the Scott River/Peerabeelup regions be classified as a different climatic zone so that it can be varied by the Shire of Nannup.

It is unlikely that FES Commission will approve these date variations before the upcoming fire season, therefore the BFAC will be required to vary these dates in 2 week intervals until such time they are satisfied that the conditions are safe for the unrestricted burning season. If the FES Commission approves these varied dates, then it will no longer be required to vary the dates in 2 week intervals up until the 31 May.

## **STATUTORY ENVIRONMENT:**

*Bushfire Act 1954*

### *Division 3 — Restricted burning times*

*Section 18. Restricted burning times may be declared by FES Commissioner*

- (1) Nothing contained in this section authorises the burning of bush during the prohibited burning times.*
- (2) The FES Commissioner may, by notice published in the Gazette, declare the times of the year during which it is unlawful to set fire to the bush within a zone of the State mentioned in the notice except in accordance with a permit obtained under this section and with the conditions prescribed for the purposes of this section, and may, by subsequent notice so published, vary that declaration or revoke that declaration either wholly or for the purpose of substituting another declaration for the declaration so revoked.*
- (3) Where by declaration made under subsection (2) restricted burning times have been declared in respect of a zone of the State then, subject to such variations (if any) as are made under that subsection from time to time, those restricted burning times shall have effect in respect of that zone in each year until that declaration is revoked.*
- (4) A copy of the Gazette containing a declaration published under subsection (2) shall be received in all courts as evidence of the matters set out in the declaration.*

1. Write to the Fire and Emergency Services Commissioner requesting that the Shire of Nannup Restricted Burning dates be gazetted as follows;
  - Restricted burning period - 3 November to 31 May
  - Prohibited burning period - 18 December to 28 February
2. Request that the Fire and Emergency Services Commissioner approve that the Scott River/Peerabeelup regions be classified as a different climatic zone so that it can be varied by the Shire of Nannup.
