AGENDA NUMBER & SUBJECT:	11.3 – North Nannup Volunteer Bush Fire Brigade request for allocation of land to build a Fire Shed
LOCATION/ADDRESS:	Shire of Nannup
NAME OF APPLICANT:	North Nannup Volunteer Bushfire Brigade
FILE REFERENCE:	RES 42358 and FRC 19
AUTHOR:	Leigh Fletcher – Community Emergency Services Officer
REPORTING OFFICER:	Kellie Jenkins – Acting Chief Executive Officer
DISCLOSURE OF INTEREST:	Nil
DATE OF REPORT:	9 August 2022
PREVIOUS MEETING REFERENCE:	Nil
ATTACHMENT:	11.3.1 – Request for allocation of land to build a Fire Shed from North Nannup VBFB

BACKGROUND:

The North Nannup Volunteer Bush Fire Brigade (NNVBFB) for the past five years has engaged in discussions with Shire officers in regards to the acquisition of an additional single bay fire shed to house an extra emergency services appliance, to accommodate the increasing memberships and enhance the brigade's abilities to support the community in the event of a bushfire.

Following site inspections with members of the NNVBFB in consultation with Shire officers, the existing site of the NNVBFB located at 74 Dean, Nannup is not a suitable site for an additional single bay fire shed. The current building includes problematic restrictions to construction or extension. These restrictions include the location of underground utilities within the location of the proposed shed build, furthermore part of the site would require the rezoning of the road reserve.

Further discussions have led to the proposal of relocating the brigade, with the vision of a complete new shed build and design that would complement the brigade's future growth both in personnel and appliances.

Details of the proposal put forward by the NNVBFB are shown in Attachment 11.3.1.

COMMENT:

The Shire is committed to supporting volunteer workforce expansion and improving the wellbeing of the community by implementing appropriate measures and infrastructure to enhance brigade's abilities to continue to evolve and promote a safer community. The concept was discussed at the Bush Fire Advisory Committee on 3 May 2022 with positive outcomes and feedback from the committee.

The proposal of relocating the brigade includes:

- The allocation of half acre of land on Reserve 42358
- The acquisition of a Department of Fire and Emergency Services (DFES) funded three (3) bay Bush Fire Shed
- Two water tanks

Reserve 42358 is vested with the Shire of Nannup for the purpose of 'Public Recreation' as shown in Attachment 11.3.2 and is reserved as Parks and Recreation in Local Planning Scheme No.3. In Local Planning Scheme No.4 the land will be reserved as Public Open Space.

The applicant is requesting that an area approximately half an acre in size be set aside from Reserve 42358 for the use of the NNVBFB, and if required, be rezoned for this use.

The Shire administration suggests that it would be more appropriate for Council to request from the Department of Planning, Lands and Heritage (DPLH) that the purpose of the reserve be changed to 'Public Recreation and Emergency Services Site' which is consistent with the management order which is currently in place for the land used by the Darradup Volunteer Bush Fire Brigade. This would retain the land as Public Open Space for continued use by the community while also permitting the Shire to approve future works related to the NNVBFB.

It is recommended that Council support the request from the NNVBFB by submitting a request to DPLH to have the purpose of Reserve 42358 changed from 'Public Recreation' to 'Public Recreation and Emergency Services Site', to ensure positive volunteer interaction, pathways and future growth within the volunteer workforce which is an integral part of the Nannup community.

ATTACHMENT:	11.4.1 - Shire of Nannup Access and Inclusion Plan

BACKGROUND:

The *Disability Services Act 1993* requires Local Governments to develop and implement Disability Access and Inclusion Plans. The development and implementation of Disability Service Plans between 1995 and 2005 enabled local governments to build on earlier achievements by planning systematically to make their services and facilities accessible to people with disability.

Amendments to the *Disability Services Act 1993* in 2004 include new requirements to build upon the changes and achievements of the past decade. Disability Access and Inclusion Plans (DAIPs) provide the framework through which local governments move into the next phase of creating accessible and inclusive communities.

COMMENT:

During August 2022 Shire officers reviewed the Shire of Nannup Disability Access and Inclusion Plan 2021-2026 (DAIP). The DAIP has been renamed to Shire of Nannup Access and Inclusion Plan 2021-2026 (AIP) and has been re-formatted to better align within the guidelines of the document itself.

The main changes within the document are as follows;

- Inclusion of a Chief Executive Officer's message
- Acknowledgement of Country
- Inclusion of a community snapshot
- Progress since 2013
